|----------------|---------------------|-----------------------|-----------------------|-------------------|
| Strongly agree | Agree 68% | Neither 27% | Disagree 5% | Strongly Disagree |
|----------------|---------------------|-----------------------|-----------------------|-------------------|

Please share below any elements of the day which were particularly helpful or unhelpful in thinking about developing linked datasets:

The links between household and individual

| | | | | |
|--|-------|---------|----------|-------------------|
| 9. I feel that all the relevant people needed to develop linked datasets were in attendance today | | | | |
| Strongly agree | Agree | Neither | Disagree | Strongly Disagree |
| 4% | 57% | 26% | 9% | 4% |

Please let us know below if there were any key people or organisations not represented:

- Providers
- NHS Digital x1
- Patient groups /advocates
- Lack of patient engagement and involvement apparent
- Can't possibly reach all relevant people but great spread of individuals and organisations
- The people who presented today here achieved great outcomes within their areas, however, the national director of X of the health x sessions. Especially of X limited session and use of right intelligence is still missing as area outcomes at XX they don't get used to drive X across XXXX have isolated outcome with no X

|---|------|----|
| | Yes | No |
| 10. Did the conference meet your expectations? | 100% | |

Please state how:

- Good stuff
- Very Informative x1
- Great to learn more about linked datasets and health
- Getting up to dates with today's approaches and thinking about data quality and data analysis and the ability to merge data sets from different areas

Venue

Finally, please indicate how satisfied you were with the following aspects of the day:
