# BEAUTIFUL
INFORMATION

OUR SOLUTIONS

// BEAUTIFUL INFORMATION is a public/private partnership made in the NHS. Our solutions are developed and tested in a live hospital setting and repond to the needs of clinicians, managers and patients.

Our solutions are reliable, available on desktop, mobile plaforms and whiteboards, offering a clear view of real-time information which can be shared across an organisation and beyond.

03

DO YOU HAVE A REAL-TIME OVERVIEW OF YOUR PERFORMANCE?

PEFORMANCE DASHBOARDS

Our performance dashboard allows you to get a real-time overview of a wide range dashboards for tracking performance in different areas. This could be anything from A&E and beds to Referral to treatment and Cancer for example

// Web-based applications, available on any smartphone, tablet or desktop platform

// Provides aggregated and real-time data of the current state of play

// A proactive management tool that highlights issues like bed capacity and delays

// Available anytime and anywhere, whether you are in the hospital or off-site

// Control over access to unlimited users, wherever they may be

// Quick to implement, easy to update

BEAUTIFUL INFORMATION

HOW IT
BENEFITS YOU

EXECS | See at-a-glance performance across the trust, wherever you are

OPS | Real-time information to help make operational decisions

FINANCE | Keep track of activity and workforce metrics for greater financial control

CLINICIANS | Quickly identify where action needs to be taken to improve patient care

BESPOKE SOLUTION

Configurable to the needs of the organisation

Can combine both Real-Time and Manual data updates

Accessible anywhere on any device

Typically implemented in around 2-4 weeks

BEAUTIFUL INFORMATION

HOW IT WORKS

1 We take existing, aggregated information from your Trust's information systems

2 Data is made visible on a web interface and can be viewed on an electronic whiteboard, desktop or mobile device

3 You can display any metric you have data for, from numbers in ED and waiting times, to bed capacity and theatre utilisation

BEAUTIFUL INFORMATION

"We didn't have accessible real-time information on our bed state or demand. By using the app we are able to give staff access to live information every three minutes"

SIMON MARSHALL, FINANCE DIRECTOR | ASHFORD AND ST.PETER'S HOSPITAL

WHO WE
WORK WITH

We work with a range of healthcare providers from across the whole health economy to help achieve the perfect blend of private sector and NHS experience.

We've also been providing expertise to national bodies like Public Health England and The Health Foundation. We developed a solution for automated daily and real-time data submissions to NHS Improvement, used by almost all acute and ambulance trusts in England.
